Professional Summary

Frontend Developer with strong expertise in React.js, Next.js, and modern UI frameworks. Experienced in building scalable web applications, optimizing performance, and delivering clean, user-centric interfaces. Adept at collaborating with backend teams and translating business requirements into high-quality technical solutions.

Experience

Frontend Developer   Jan 2023 – Present
TechNova Solutions

Developed and maintained scalable web applications using Next.js and React. Implemented reusable UI components with Tailwind CSS, improved page load performance by 30%, and collaborated with backend teams to integrate REST APIs.

Junior Web Developer   Jul 2021 – Dec 2022
CodeCraft Labs

Worked on responsive web interfaces using HTML, CSS, and JavaScript. Assisted in migrating legacy codebases to React, fixed UI bugs, and ensured cross-browser compatibility.

Projects

AI Resume Builder
A modern resume builder built with Next.js and MongoDB, featuring live preview, PDF export, and customizable templates.

E-Commerce Dashboard
Developed a role-based admin dashboard with analytics, order management, and authentication using NextAuth.

Education

Bachelor of Technology (Computer Science)   2018
ABC Institute of Technology
GPA: 8.2
